MEMORANDUM FOR: Chief, General Science Division, OSI

ATTENTION: [REDACTED]

THROUGH : Chief, Requirement Branch, Reconnaissance Group, CGS

FROM : Chief, CIA/PID (NPIC)

SUBJECT : Mien-Yang Radar Plants #880 and #883

REFERENCES : (1) OSI Requirement No. C-8I3-80,769, 30 October 1963
(2) CIA/PID Project No. C 1584-63

1. This memorandum is in answer to referenced requirement concerning Mien-Yang Radar Plants #880 and #883.

2. This study has been conducted from [REDACTED] (See Figure #1). The following paragraphs contain a description of the Radar Plants and a key to Annotations describing the facilities present.

3. Mien-Yang Radar Plants #880 and #883 are located approximately 1 nm North of Mien-Yang City Center at coordinates 31° 27' 00" N/104° 44' 50" E. These two plants are within the same compound and are identical in plant layout with a few variations in building design. The identification of these two plants as probable Radar Plants #880 and #883 is based almost entirely on the defector interrogation report attached to the referenced requirement. The two plants are served by a network of good roads and neither plant is rail served. The area of Plant #883 is shown at Annotation "A" figure #1 and the area of Plant #880 is shown at Annotation "B". The absence of radar and electronic equipment and materials in open storage could indicate that these two plants had not reached full scale production at the time of [REDACTED]. The area of Plant #883 contains ample space for expansion, while the area of Plant #880 offers a limited amount of space for future growth.

4. Key to Annotations: (See Figure #1)

A. Radar Plant #883

1. Machine shops/workshop building - 410'x325', 133,250 square feet of floorspace.
2. Two story, administration building - 410'x55', 45,100 square feet of floorspace.
3. Three story, components assembly building - 760'x55', 125,400 square feet of floorspace.
4. Warehouse - 410'x100', 41,000 square feet of floorspace.
5. Machine shop/workshop - 280'x160', 44,800 square feet of floorspace.
6. Machine shop/workshop - 280'x160', 44,800 square feet of floorspace.

SUBJECT: Mien-Yang Radar Plants #880 and #883

- 7. Unidentified building - 100'x70', 7,000 square feet of floorspace.
- B. Radar Plant #880
 - 1. Machine shops/workshop building - 410'x325', 133,250 square feet of floorspace.
 - 2. Two story, administration building - 410'x55', 45,100 square feet of floorspace.
 - 3. Three story, components assembly building - 660'x55', 108,900 square feet of floorspace.
 - 4. Warehouse - 410'x100', 41,000 square feet of floorspace.
 - 5. Machine shop/workshop - 280'x105', 29,400 square feet of floorspace.
 - 6. Machine shop/workshop - 280'x105', 29,400 square feet of floorspace.
 - 7. Unidentified building - 100'x70', 7,000 square feet of floorspace.
- C. Unidentified Plant (Probably #796)
- D. Unidentified Plant (Probably #730)
- E. Workers housing and mess hall for Plant #880
- F. Workers housing and mess hall for Plant #883

5. The photo analyst on this project was [] who may be contacted on extension [] should you have further questions regarding this project. This project is considered to be completed.
